Feedback

Congratulations, you have passed this test.

Listed below are the areas in which you did not answer all of the questions correctly. Even though you have passed your test, it is strongly recommended that these areas are revisited to ensure you have the full breadth of knowledge and can work safely.

- Accident reporting and recording
- Fire prevention and control
- HVACR - HAPS

Next Steps

Carry on learning

The Health, Safety and Environment test is an important step in the process towards competency in health and safety, but it is not the end of the process. You should continue to strive to keep your knowledge up to date through relevant courses and qualifications.

Apply for a card

Once you have passed your test you should, if you have not done so already, consider applying to join the relevant card scheme. However, please be aware that you may need to complete further training, assessment and/or testing to meet their specific entry requirements.

After passing the test please allow 24 hours before applying for a card.
